Re: Notice of Permitted Ex Parte Presentation – Wireless E911 Location Accuracy
Requirements, PS Docket No. 07-114

Dear Ms. Dortch:

On January 13, 2015, Gregory Maffei, President and CEO and Pamela Coe, Vice President, Deputy General Counsel and Secretary of Liberty Media Corporation and Liberty Interactive Corporation, had the following meetings with Federal Communications Commission (FCC or Commission) personnel:

1. Commissioner Mignon Clyburn and Louis Peraertz, Legal Advisor.
2. Commissioner Ajit Pai and Matthew Berry, Chief of Staff.
3. Commissioner Jessica Rosenworcel and Priscilla Delgado, Legal Advisor.

During these meetings, we discussed the finalization of the FCC's proposed rule regarding 9-1-1 location accuracy and commended the Commissioners and their Staff on an excellent proposed rule and a strong, well-developed record in support of it. We encouraged the Commission to adopt wireless 9-1-1 indoor location accuracy rules that provide strong carrier accountability and a two-year implementation. We also discussed the alternative technologies and vendors that could provide wireless 9-1-1 indoor location services.

This disclosure is made in compliance with 47 C.F.R. § 1.1206.

Sincerely,

Pamela L. Coe
